NYS WIC PROGRAM

VENDOR BULLETIN

Title: Exempt Formula Check Cashing

Effective immediately, authorized pharmacies and retail vendors with a pharmacy inside are the **only** vendors allowed to cash checks for exempt formula. Exempt formula is identified as any product on the Approved Formulas in the New York State WIC Program list (attached) other than the four “contract formulas”- Enfamil Premium Infant, Enfamil AR, Enfamil Gentlease and Enfamil ProSobee.

All authorized vendors must continue to meet Minimum Stock Requirements for Enfamil Premium Infant (24 cans of 13 ounce concentrate or 12 cans 12.5 ounce powder) and pharmacies must also stock 12 cans of 13 ounce concentrate or 6 cans of 12.9 ounce powder Enfamil ProSobee. All authorized vendors may choose to stock other “contract formulas”. Only pharmacies and retail vendors with a pharmacy inside are allowed to redeem checks for any other products on the Approved Formulas in the New York State WIC Program list.

If you have questions about this information, please contact your Vendor Management Agency.

Thank you for your participation in the NYS WIC Program.
