Mead Johnson is discontinuing its Enfamil NeuroPro EnfaCare Ready to Use 32-ounce formula. It will no longer be available for shipment from Mead Johnson starting on April 1, 2020. NYS WIC is not replacing it with another formula at this time.

Enfamil NeuroPro EnfaCare powder is not affected by this change.

Effective April 2020, Enfamil NeuroPro EnfaCare Ready to Use 32-ounce will be removed from the NYS WIC formulary and will no longer be issued to participants.

The UPC for Enfamil NeuroPro EnfaCare Ready to Use 32-ounce (300875123669) will remain on the Approved Products List (APL) until the summer. Participants issued the formula before April can continue to redeem the formula while supplies last in stores.

If your formula supplier does not have the Enfamil NeuroPro EnfaCare Ready to Use 32-ounce in stock before April 1<sup>st</sup>, please reach out to your Vendor Management Agency to assist with arranging a drop shipment.

Thank you,

NYS WIC Program
