The New York State (NYS) WIC Program has made the following changes to the Minimum Stock Requirements (MSR) effective immediately:

- **Milk:** the MSR requirement will now allow vendors to have quarts **and/or** half gallons to equal 1 gallon of milk.
- **Baby Food Meat:** This item will be removed from the MSR. As a result, vendors are no longer required to meet the MSR for this category.

A revised MSR document is attached. The Vendor Handbook will also be updated and both updated resources will available on the vendor website at: <https://nyswicvendors.com>.

If you have questions, please contact your Vendor Management Agency.

Thank you,
