The New York State WIC Program is eliminating the current policy established and distributed to authorized vendors in Vendor Bulletin #5 – April 18, 2016. This policy required authorized WIC vendors without an embedded pharmacy to apply for authorization to accept WIC benefits for exempt formulas provided they meet specific criteria.

Effective immediately, vendors without embedded pharmacies can now redeem benefits for any product on the New York State WIC Approved Formulas list without seeking special authorization. A current list of formulas and the allowed sizes is available on the vendor website: <https://nyswicvendors.com/foods-formula/>.

**Please Note:** PediaSure and PediaSure with Fiber are issued to WIC participants in 6-packs only and should not be sold separately.

If you have any questions regarding this policy change, please contact your Vendor Management Agency.

Thank you,

NYS WIC Program
