זוהי הודעה חשובה. נא לתרגם אותה.

Dear WIC Vendors,

Abbott has now recalled one lot of Similac PM 60/40 in addition to the lots of Similac, Alimentum, and EleCare powder formula that were voluntarily recalled on February 17, 2022. At this time, this is the only type and lot of this specialty formula being recalled (lot details below). More details can be found [here](#) and by calling the company (800) 986-8540.

- **Lot # 27032K80 (can)**
- **Lot # 27032K800 (case)**

How to Identify Recalled Similac PM 60/40 lot # 27032K80 (can) /27032K800 (case)

Look for Similac PM 60/40 lot # 27032K80 on the bottom of the can or lot # 27032K800 on the side of case (see images provided).

Abbott has developed a web-based tool to determine if the consumer's product was included in this recall. Vendors can use the lot number (#) to check the lot numbers of Abbott formula on store shelves. [Product Lookup \(similacrecall.com\)](http://ProductLookup(similacrecall.com)).

For additional details and future updates related to the infant formula recall visit the FNS Infant Formula Safety webpage, the FDA's advisory, or the CDC's advisory.

As a reminder, per Vendor Bulletin #5, WIC authorized vendors must treat all customers the same with regard to the recall exchange process and possible substitutes (which may include, but are not limited to, the same product, a substitute product, store credit or a cash refund).

Please note, Similac PM 60/40 is not available in alternate can sizes or in liquid form and cannot be exchanged for another product.

If you have any questions, please contact your Vendor Management Agency.

Thank you,

NYS WIC Program
